## *PREFACE.*

The suggestion has from time to time been made that a general index to the contents of the publications of the Manchester Literary Club would be very useful to those who possess sets, or for ascertaining the subjects which have previously been written about by the members. A while ago a practical form was given to this suggestion by Mr. Walter Butterworth, who undertook to pay for the compilation of such an index to the present twenty-eight volumes of the Transactions, which might be printed as a supplement to the next Annual Volume. Whilst this work was in preparation, however, the idea was mooted that the production would be rendered more complete and valuable if a separate book were printed which should include, in addition to the Index, a new Catalogue of the Library, a List of Members from the foundation, and a List of the Art possessions of the Club. This recommended enlargement of the original scheme came to the knowledge of Mr. Edward Hinmers, who thereupon offered to pay for the additional work, and for the printing and production of a volume to contain all these matters, and which should be uniform in style with the "Transactions."

He also made it an essential part of his gift that a copy of the book should be presented to each of the present members of the Club.

The preparation of the volume was accordingly entrusted to Mr. Sutton and Mr. Credland, and they desire to say that it has been to them not a task, but a labour of love.

This exceedingly generous and valuable gift which has been made to the Club by the co-operation of two of its members in acknowledgement of the pleasure and advantages they have derived from its proceedings, can hardly fail to be of great utility, and to be highly appreciated and treasured by all those who have the good fortune to receive it.

GEORGE MILNER,

PRESIDENT.
